

HISTHROAT CUT IN A POOL-ROOM.

Motorman Henry Kendall Staggered Up to a Police-man on the Bowery.

FALLING FROM WEAKNESS.

He Shoved a Man's Hat Down in Sport and Nearly Lost His Life.

THE SLASHER RAN AWAY.

Kendall Sent to a Hospital, Where It is Believed He Will Recover.

With blood streaming from a gash on the left side of his neck, a rough-looking young man reeled up to Policeman Clahan shortly after 6 o'clock this morning, on the Bowery, and asked to be taken to a hospital. He had a shirt and necktie torn and he was about to fall from weakness.

"Where did you get that cut?" asked Clahan.

"I was fooling with a man," he replied, "and he knocked my hat off. Then he pulled out a knife and slashed me."

The officer hurried the fellow to the Mulberry street station-house, and sent on a hurry call for an ambulance.

On the arrival of the surgeon a cut over five inches long was found in the man's neck. The knife blade, with which the wound was inflicted, grazed the jugular vein. A fraction of an inch deeper and the man would have bled to death.

While the wound was being dressed he said his name was Henry Kendall, twenty-two years old, a motorman, living in a lodging-house at 117 Bowery. He came from the West a short time ago, but refused to say from what city.

He said he spent the night playing pool in the room of Julian Kinsley, 292 Bowery, and he had a fight with William Greene, and knocked his hat off. Greene, he said, was angry, and drawing a knife, cut him in the neck and ran away.

The injured man was taken to St. Vincent's Hospital and Detective Bloane was detailed to hunt for Greene.

Julian Kinsley, a Cuban, is proprietor of a combination cigar store and 212 cent poolroom. The toughest kind of people visit it, and fights and quarrels are not infrequently the result.

A young man who was at the cigar counter this morning, when asked for particulars concerning the cutting of Kendall, said:

"All I know about it is that while I was in front I heard men quarreling in the back room. The next thing I knew they both ran out the door, and that was the last I saw of them."

It was said at the hospital today that the injury is not necessarily fatal.

A RIVER MYSTERY.

May Be a Victim of a Gang of Green-Goods Operators.

The body of the man who was found in the Passaic River yesterday, opposite Rutherford, is in Gormley's morgue, on State and Ann streets, Passaic. There were several callers at the morgue today, but thus far it has been unidentified. Coroner Carroll has not performed an autopsy. This will tell whether the man was drugged and murdered and then thrown into the water.

The authorities said that the dead man was a "come-on," or green goods victim, and that he was murdered by the green goods gang, which for some time made headquarters in Lyndhurst, near Rutherford.

The clothing on the body was of an expensive character. The coat and overcoat were of black cassimere, the underwear of white silk and wool, and the socks of black silk. The body appeared to have been in the water a couple of weeks.

A search of the clothing failed to reveal anything that would throw any light on the identity of the man. The clothing was a ticket on the Railroad, which entitled the holder to a ride between Stamford and South Norwalk, Conn. It was said the authorities believe the dead man is a resident of Connecticut. Word has been sent to the railroad company to look for him from either of the two places.

The coroner may perform the autopsy this afternoon.

Meantime detectives are trying to find if any one saw the man in the neighborhood while he was alive.

Another theory advanced is, that the man committed suicide, and came from his home so he could not be identified. The body will be kept in the morgue for five days, and if it is not identified, will be buried at the expense of the county.

WAS WAYLAIED, MAY BE.

John Leary, Badly Hurt, Cannot Tell How It Happened.

John Leary, who describes himself as being a clerk, fifty years old, residing in Morton street, entered the Hudson street hospital at 4:30 o'clock this morning, slightly inebriated and suffering from lacerated wounds of the face and right ear.

Dr. McKinnon discovered also that Leary had sustained a fracture of the base of the skull.

The injured man was unable to account for his injuries, but thought he had been waylaid. His condition is not serious.

SMILED AT DEATH SENTENCE.

Murderer Paul Gens to Be Hanged Thursday, July 25.

Paul Gens, who was convicted of murder in the first degree, in having shot and killed his former sweetheart, Clara Arheim, in Bush's Hotel, Hoboken, about a year ago, was arraigned before Justice Lippincott in the Hudson County Court-house, Jersey City, today for sentence.

Before passing sentence on the condemned man, the justice gave his decision on the appeal of Gens's counsel for a new trial.

The justice stated that he could not grant a new trial. He said Gens had been ably defended, and that every fact that would tend to be in his favor was brought out on his trial by his counsel. He said the only defense that could be made was insanity, and that his counsel utterly failed to prove this.

Justice Lippincott declared that the evidence at the trial fully warranted

THE COLLEGE GAMES.

660 Entries for the Annual Championship Struggles.

The Cream of 24 Universities Will Compete at Berkeley Oval.

Winner and Second in Each Event for the All-America Team.

If the choicest list of entries and the most complete arrangements for expediting the contests and providing for the comfort of competitors and spectators ever indicated anything, the intercollegiate games at Berkeley Oval, to-morrow and Saturday, will be the most successful in the history of the association.

The Alpha Wheelmen, of Newark, will hold a ten-mile club road handicap June 1.

Here's a letter for road reformers: I have viewed with surprise the many changes which are allowed to powered unlicensed drivers and riders and have been disappointed for a light. This practice is both dangerous and unjust.

Why are wheelmen compelled to carry lights while the private carriage need display none?

It is true one cannot vary well here a wheelman, and, therefore, a light is necessary. But it is equally true that when several wheelmen are approaching from different directions the light is a hindrance.

This practice of carrying lights is a great deal of trouble without being of any benefit.
